

§ 305.21

lamps must also include a capital letter “E” printed within a circle and the statement described in §305.15(d)(1).

(E) Ceiling fans. All the information required by §305.13.

(F) Televisions. The estimated annual operating cost determined in accordance with §305.5 and a disclosure stating “Your energy cost depends on your utility rates and use. The estimated cost is based on 11 cents per kWh and 5 hours of use per day. For more information, visit *www.ftc.gov/energy*.”

(G) Central air conditioners, heat pumps, and furnaces (including boilers), and pool heaters. The capacity of the model determined in accordance with §305.7 and the energy efficiency or thermal efficiency ratings determined in accordance with §305.5 on each page that lists the covered product.

(ii) Products not required to bear EnergyGuide or Lighting Facts labels. All paper catalogs advertising covered products not required by this Part to bear labels with specific design characteristics illustrated in appendix L (showerheads, faucets, water closets, urinals, fluorescent lamp ballasts, and metal halide lamp fixtures) must make a text disclosure for each covered product identical to those required for Internet disclosures under §305.20(a)(1)(ii).

(2) *Format*. The required disclosures, whether text, label image, or icon, must appear clearly and conspicuously on each page that contains a detailed description of the covered product and its price. If a catalog displays an image of the full label, the size of the label may be altered to accommodate the catalog’s design, as long as the label remains clear and conspicuous to consumers. For text disclosures made pursuant to §305.20(b)(1)(i) and (ii), the required disclosure may be displayed once per page per type of product if the catalog offers multiple covered products of the same type on a page, as long as the disclosure remains clear and conspicuous.

16 CFR Ch. I (1–15 Edition)

ADDITIONAL REQUIREMENTS

§ 305.21 Test data records.

(a) Test data shall be kept on file by the manufacturer of a covered product for a period of two years after production of that model has been terminated.

(b) Upon notification by the Commission or its designated representative, a manufacturer or private labeler shall provide, within 30 days of the date of such request, the underlying test data from which the water use or energy consumption rate, the energy efficiency rating, the estimated annual cost of using each basic model, or the light output, energy usage, correlated color temperature, and life ratings and, for fluorescent lamps, the color rendering index, for each basic model or lamp type were derived.

[52 FR 46894, Dec. 10, 1987, as amended at 59 FR 67530, Dec. 29, 1994. Redesignated at 72 FR 49971, Aug. 29, 2007, as amended at 75 FR 41717, July 19, 2010]

§ 305.22 Required testing by designated laboratory.

Upon notification by the Commission or its designated representative, a manufacturer of a covered product shall supply, at the manufacturer’s expense, no more than two of each model of each product to a laboratory, which will be identified by the Commission or its designated representative in the notice, for the purpose of ascertaining whether the estimated annual energy consumption, the estimated annual operating cost, or the energy efficiency rating, or the light output, energy usage and life ratings or, for general service fluorescent lamps, the color rendering index, disclosed on the label or fact sheet or in an industry directory, or, as required in a catalog, or the representation made by the label that the product is in compliance with applicable standards in section 325 of the Act, 42 U.S.C. 6295, is accurate. Such a procedure will only be followed after the Commission or its staff has examined the underlying test data provided by the manufacturer as required by §305.21(b) and after the manufacturer has been afforded the opportunity to reverify test results from which the estimated annual energy consumption,
